NJ Department of Children and Families (DCF), Division of Children’s System of Care (CSOC) serves children and adolescents with emotional and behavioral health care challenges, developmental disabilities and substance abuse challenges and their families.

Who We Are:

In collaboration with DCF, the Atlantic County Children’s Inter-Agency Coordinating Council (CIACC) strives to ensure a seamless array of services in our community.

We do this by developing and maintaining a responsive, accessible and integrated system of care for children through the involvement of parents, consumers, youth and child serving agencies as partners.

The full council meets every other month, often on the second Friday of the month, 10 a.m. till 12 noon. Call the CIACC Coordinator to confirm dates and location.

CIACC recognizes the system of care for children can be confusing and difficult to navigate. The CIACC Coordinator and each of its members are able to help anyone find answers to questions and help guide you through the complex system of care.
